

## St Paul's CE Primary School Academic Results 2021-22

The 2021-22 academic year saw the return of the national SATs assessments in England. National assessments had not taken place since 2018-19 as a result of the COVID pandemic. The Department for Education will not publish the 2021-22 data in national league tables, in recognition of the impact of COVID disruption across the education sector. Nationally, the 2021-22 data was lower than it was in the summer of 2019. Our school's data also dipped, although broadly matched and/or exceeded the national average, reflecting good academic progress and attainment for our pupils.
