The St Paul's Parent and Friends Association (PFA) is a group of parent/career volunteers from the school who organise fundraising events throughout the year aimed at enriching children's experience and building community relationship with the school.

Funds raised were used to curriculum enrichment activities, such as the Samba drumming and junk percussion workshop, as well as resources such as sunshades and play equipment. We also funded Year 6 leavers' hoodies and the Queen's Jubilee events, which were all very much enjoyed by the children.

★ **PFA NEEDS YOU!**

We rely on volunteers to help organise another year of successful events, create great memories for our children, and fund exciting new activities and resources.

Please email school office to join the PFA, or if you are able to help in our events, share ideas on future events and how we should use the fund!
