Reading 52%
Writing 41%
Mathematics 48%

Progress

The percentage of pupils who have improved by 2 or more levels between key stage 1 and key stage 2:

Reading 96%
Writing 100%
Mathematics 85%

Explanation of terms:

- Key Stage 1** This is the stage in school often referred to as infants. This includes year groups 1 and 2. A child usually enters Y1 in the academic year that they will turn 6.
- Key Stage 2** This is the stage in school often referred to as juniors. This includes year groups 3,4,5 and 6. A child usually enters Y3 in the academic year that they will turn 8. At the end of Key stage 2 children leave primary school for secondary school.
- Level 4** This is the assessment level that the 'average' child is expected to reach by the end of key stage 2.
- Level 5** This is the next assessment level up. Children achieving level 5 or 6 at the end of key stage 2 can be considered to have above average achievement.
- Progress** The national expectation for the 'average' child is that they have moved two levels between leaving key stage 1 (Year 2) and leaving key stage 2 (Year 6).
