

MATHS

YEAR 4 – Summer Two

In order to support the teaching of maths at home we will continue to use the White Rose Maths website (see link below). This website breaks the teaching of maths into weekly themes and includes a video for you and your child to watch followed by an activity for your child to complete.

<https://whiterosemaths.com/homelearning/year-4/>

There will be a weekly email that will include the activity pdf's and the answer sheet. You will also be set a weekly challenge to complete at the end of the week.

You can also try these activities:

- **TTRockstars** – times table and division practise (Login using your child's details provided earlier in the school year)
<https://play.ttrockstars.com/>
- **Andy's Marbles** – use the clues to work out how many marbles Andy started with.
<https://nrich.maths.org/2421>
- **Let us divide** – solve these division problems using a variety of methods.
<https://nrich.maths.org/8308>
- **National Flags** – an investigation of shape, symmetry and parallel and perpendicular lines using flags.
<https://nrich.maths.org/7749>
- **Play to 37** – a mental addition game for two players.
<https://nrich.maths.org/10328>
- **Count me in** – an investigation involving knowledge of multiples.
<https://nrich.maths.org/13263>
- **Dicey Operations** – a variety of games to practise each of the four operations (+ - x ÷)
<https://nrich.maths.org/13261>
- **Stop the Clock** – interactive activity that encourages children to practise time
<https://nrich.maths.org/6071>
