Transition Policy Statement:

At St Paul's Primary School, we recognise that *transition is a process, not an event*. This policy has been devised to ensure that pupils transfer seamlessly through each phase of their education; thus, contributing to a positive learning experience for every child.

Definition: In this policy, the term 'transition' is used to describe the movement that takes place from one familiar setting (including the home) to another.

Aims:

At St Paul's Primary School we will:

- Encourage parents to be partners in their child's education.
- Assist parents in helping their child prepare for school and for the transition to each new year group.
- Make a happy and seamless transition from home and/or pre-school to school and from year group to year group.
- Support movement between sites as children move through year groups.
- Support all children towards independence and develop their confidence and ability to cope with change.
- Ensure that any relevant information from outside agencies is acknowledged and acted upon, particularly in regard to children with Special Educational Needs or English as an Additional Language.

At St Paul's children experience many different transitions:

- Entry from Home/ Preschool into Nursery
- Moving from Nursery to Reception
- Moving from Reception to Year One (Key Stage One)
- Moving from Class to Class
- Moving from the St Paul's site to the Alexandra House site
- Leaving Year Six and moving to Secondary School

Each of these transitions is a unique phase which has its own challenges and expectations.
